Dear ACEing Autism Community,

We hope the beginning of the summer is treating you well. As we reflect on the first half of the year, we want to express our gratitude for helping us reach new communities and change the lives of thousands of new families like yours. Your support has allowed us to launch 40 new programs across schools and communities, for a total of 134 programs nationwide.

We have seen a record number of registrations this past year with 3,600 participants across schools and community programs. In addition, we were able to provide \$34,500 in scholarships to families whom otherwise wouldn't be able to access our program. We want you to know that you were an integral part of our success.

Also, we're excited to remind you that we will have a clinic at the Cincinnati Open (Western & Southern Open), so don't forget to check out our story below for more information. We can't wait to be there!

From all of us at ACEing Autism, have a fantastic summer and cheers to a successful second half of 2023!
